It's something that makes the reader pick up the book and instantly get into the story. There were a few things that I didn't like at all, but for some reason I just very much enjoyed the writing style of Witch Hunt to the point where the faults didn't bug me that much/5.

Witch-Hunt is a solid and fascinating work which encapsulates the facts and theories surrounding the Salem Witch Trials. Aronson begins the book by stating his objective: to correct false information and assumptions that have grown up around the trials (and the events leading up to them).4/5(3).
